PUBLIC DISCLOSURE OF ARAP

Government of Rwanda has focused on developing a strong network of six secondary cities which includes Rusizi District that will serve as a national urban backbone and regional growth poles that provide off farm employment. It is in that line that the Government of Rwanda secured a loan from the World Bank for the provision of basic infrastructure in the six secondary cities and Upgrading of unplanned settlement in the City of Kigali under Rwanda Urban Development Project (RUDP).

In line with requirements of the Government of Rwanda and World Bank, RUDP has prepared Abbreviated Resettlement Action Plan (ARAPs) report for Rusizi District on both roads and storm water drainages to be constructed in our District for Phase 2. The copy of the report attached on to this letter can as well be found at LODA website: www.loda.gov.rw, and at the Ministry of Infrastructure website: www.mininfra.gov.rw;

The prepared ARAPs were cleared by the World Bank and will be disclosed at the World Bank document website. Any person having an interest or concern relating to the above documents may find their copies at above mentioned websites or submit the concern to District Executive Secretary (Tel: 0788350653).

Sincerely;

KAYUMBA Ephrem
Mayor
